

# 4' LED Vaporproof Strip

## 1 – 3 Lamps

Project:	
Catalog#:	
Approved by:	

### Description

VSB4 series 4' LED vaporproof strip fixture is gasketed to provide dust and moisture resistant illumination. It withstands corrosion, splashing water, hose-directed water, and damage from external ice formation.

### Benefits

- Energy saving compared to fluorescent systems
- Exceptional color rendering
- Available in multiple color options
- High system efficacy
- Long LED life

### Applications

Entrance Lighting	Beverage Industry
Car Washes	Food Processing
Public Access	Construction Sites
Parking Structures	Industrial Lighting

### Features

- High output LEDs provide 80+ CRI
- L70 is predicted to be greater than 50,000 hours
- Standard: Multi-volt (110 – 277V) input
- UL Listed
- 5 Year warranty
- System Designed, Manufactured, Tested, and Approved in Mendenhall, Mississippi

### Certifications

### Specifications

- One-piece upper body; no seams to crack, break or leak
- Reinforced fiberglass body is rugged and corrosion resistant
- 5VA Flammability rating
- Closed cell polyester gasket
- High gasket compression recovery ensures solid seal over life of fixture
- Knockouts on each end
